FOR IMMEDIATE RELEASE

BUYERS AND SELLERS EXPOSE THEMSELVES Chicago Art Buyers View World Class Imagery

Hundreds of images buyers descended on Chicago's River East Art Center on April 16, 2008 to meet with image suppliers from around the globe. The event sponsored by Picturehouse Marketing US, LLC provided the opportunity for Art Buyers to meet face-to-face with Stock Picture Agents.

Stock Picture Agents supply professional imagery to Art Buyers for use in advertising, publishing and a wide variety of commercial applications. Art Buyers met with agents whose image collections contain subjects covering every style of imagery from contemporary photography to historical illustrations.

The River East Art Center location was selected to provide a visually pleasing and comfortable environment in which creative professionals could meet and unwind. Art Buyers and Sellers enjoyed a beautiful day on the waterfront while discovering new sources for images and building existing relations with Stock Picture Agents.

Picturehouse Marketing Ltd started in 2001 and has hosted similar events in NY, London, Paris, Hamburg, Munich, Sydney and San Francisco. The 2008 US events are managed by Deborah Free of Picturehouse Marketing US, LLC. This was the third time Chicago has hosted the event.

Deborah Free who manages the US Picturehouse events, says "our events are the perfect place for buyers to discover great new imagery and meet the people behind the scenes". To learn more about Picturehouse events go to: <http://www.picturehouse-us.com/>
